Dear Dr Parr.

Am wondering if the enclosed photographs would be of any use to you, knowing how busy you are thought I may as well post them.

The one of Vernon and Gordon Hicks was taken by the Southern Echo several years ago they were printing a write up about Bhattis Hill. Mandy the goat used to be company for a horse, and as you can see very playful!

Vernon and myself moved to Bhattis Hill about 1952, I am giving up 31<sup>st</sup> March.

How very kind of you Dr saying you would write a letter to the Council it would be a great help I am sure I am most grateful thank you; if nothing happens by the end of March, I will get in touch with you. It can easily be stated I cannot drive and lonely when I am, which it will be when horses and lads are gone.

Sincerely Yours. J. J. Cross.
