

The pure generation.

The HILDON source lies deep within the chalk hills which borders the Test Valley in Hampshire, fully protected from the environment and representing the quality and needs of those who belong to the pure generation.

HILDON Natural Mineral Water is available in GENTLY CARBONATED and DELIGHTFULLY STILL.

It's here:

HILDON Natural Mineral Water will not be available through the normal retail outlets. However, for the Television South area it will be available to those who use our FREE door-to-door delivery service.

We call this service DIAL-A-DELIVERY. Simply pick up the telephone and call us **FREE on 0800 373 912** and our efficient friendly telesales staff will arrange a delivery to you. Approximately 21 days after delivery of your first order our staff will call you to make sure you have not run out of stock — but, of course, you may call us at any time.

There is no need for us to explain the benefits of this FREE service — we all know the inconvenience of carrying bottles back from the supermarket or off licence, the cumbersome and heavy weight of the carrying box and that dreadful sinking feeling when one realises that stocks are low and you have to make that special journey — always at the last minute when your time is better spent preparing for that special dinner party. Our dial-a-delivery will save you not only time but also worry.
