HILL HOUSE,
BROUGHTON,
NR. STOCKBRIDGE,
HAMPSHIRE.

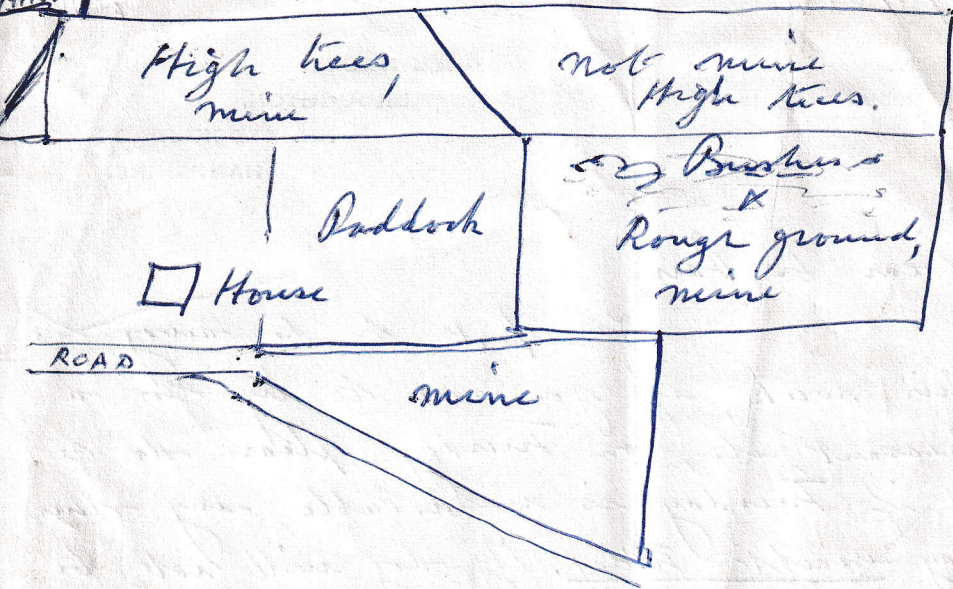

Dear Dr. Parr,

I expect to be away for
this week, if you care to try for a
pheasant etc, on Tuesday, please do so.
Or if Tuesday is unsuitable, any other
day except Friday. My dog will not be
here, so bring gloves, if you come.

There are a nice lot left, my
brother in law got 2 rocks, & marked
two more in that field where you
got a hen, when he was here last week.
That field has been very good lately, they
sit very tight, not in the open field,
usually in the lower part towards the
main road.

Don't forget that the far end of
the wood is not mine; see sketch over.

SCRUB
MINE.

The rough grass bit in front of my house & the whole of the big field beyond it is mine also the thick bit of scrub at the end of the wood.

Hope you are able to come & will find something; shoot hens, & keep what you get.

Yrs sincerely
Hubert Barry.
